

POWER PRESENTATIONS

!interactive
TRAINING + SOLUTIONS

Influence Your Audience with Confidence!

Interactive Training Solutions' **POWER Presentations** is the workshop that equips professionals, from the seasoned to the first time speaker, with the skills to deliver dynamic and impactful presentations designed to promote your product or service with confidence.

POWER Presentations, the highly engaging and innovative workshop, features comprehensive instruction on how to employ Interactive's dynamic presentation and public speaking skill builders to develop and deliver incredible presentations, while influencing your audience. As part of this interactive program, participants will incorporate Interactive's powerful presentation and public speaking skill builders to develop their own speaking style, tailored to their unique strengths.

The session concludes with a question and answer segment with the facilitator, where participants can further refine their own style and get valuable advice for their presentations.

POWER Presentations benefits:

- ! Organizing Your Presentation
- ! Building Your Presentation for Maximum Impact
- ! Speaking with Confidence
- ! Winning and "Wowing" Your Audience
- ! Driving Home Your Message

POWER Presentations is a great value-added program for any organization seeking to increase the presentation and public speaking skills of its human capital, by empowering participants with this dynamic methodology. If you are a business, non-profit, chamber of commerce, professional organization, or want to increase the skills of your membership, book **POWER Presentations** today!
